LED COMFO® Downlight SLIM ROUND

LED COMFO® Downlight SLIM ROUND is extremely thin recessed luminaire with only 13mm thickness that easily fits into limited installation spaces for commercial areas and offices. Available size from 4" to 8", LED COMFO® Downlight SLIM ROUND can easily replace existing CFL downlight using the same cut-out. The LED luminaire has a long lifetime up to 30,000 hours with energy saving.

Advantages & Benefits

Slim design fits into limited installation spaces

- 13mm thickness
- Independent LED driver

Comfort and consistent light from side-lit design

- Side-lit with diffuser design provides even lighting distribution
- Highly consistent color temperature

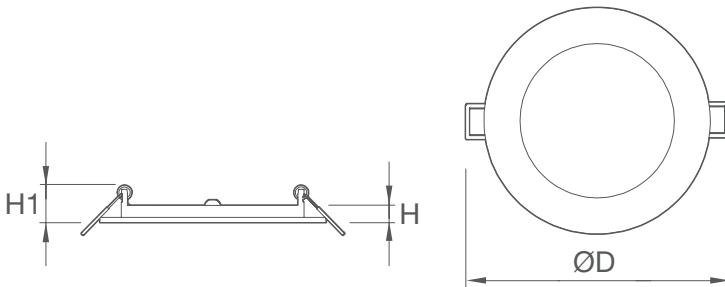

Long Lifetime, minor degradation

- 30,000 hours lifetime, more than 6 years on average if turning on 13.6 hours per day
- Quality LED that alleviates light degradation during lifetime

Applications

- Commercial buildings
- Offices
- Supermarkets
