

Product Highlights:

- Slim and glossy linear luminaire
- Seamless connections for continuous lighting
- Robust housing structure
- 50% more energy saving than traditional T5 batten
- 4 different sizes for option

Light is enlightenment

LEDCOMFO® Batten G3

Good performance lighting solutions for different applications.

Light is OSRAM

OSRAM

LEDCOMFO® Batten G3

LEDCOMFO® Batten G3 is the latest batten for T5 traditional batten replacement which has good performance and competitive price that can bring quick payback. This product family adopts double injection technology to combine the optical cover and the robust housing into one slim and glossy linear luminaire delivering high uniformity light output and comfortable lighting experience.

Advantages & Benefits

Efficient T5 Traditional Batten Replacement:

- 50% energy saving compared to T5 batten
- PF>0.9

Continuous lighting without dark spot:

- Seamless connection

Rigidity:

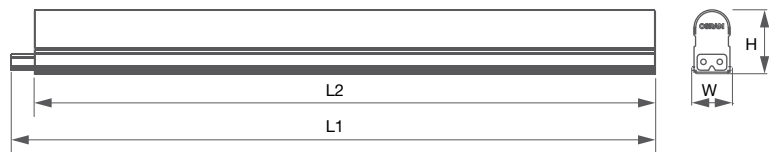

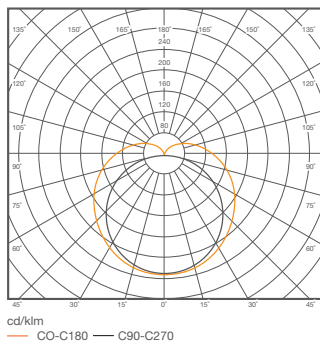

- Double injection technology
- Robust housing structure

Flexibility:

- 1ft/2ft/3ft/4ft
- 4W/7W/10W/14W
- Multiple accessories

Applications

- Cove lighting
- Indoor contour lighting
- Under shelf lighting
- Light box
- Backlight
